As you read the course catalog and select courses, please take the following guidelines into consideration:

1. Graduation Requirements
2. College Entrance Requirements
3. Career Plans: Look for courses that prepare you for your career goal.
4. Your Interests: Check for courses that allow you to pursue your own personal interests.
5. Parent Approval: Talk with your parents about your course choices.
6. Teacher Recommendation: Talk with your teachers about your course choices, prerequisites and recommendations.
7. Past Achievement: Consider your record thus far. It may serve as an indicator of the number and level of courses to select for maximum success.
8. Time and Energy Commitment: Examine the amount of time you have to dedicate to your studies.
9. Finally, discuss your choices with your counselor
