

## PHILOSOPHY AND GOALS

North Scott Child Care's focus is on the development of the whole child. Our primary goal is to help young children use the environment productively and see themselves as individuals who are developing the skills and understandings that will enable them make sense of the world and to succeed.

Our program fosters creativity in both children and teachers. Children's creativity is supported by providing a safe environment that encourages them to try new things and to risk making mistakes. Teacher's creativity is supported by a program framework that encourages them to be innovative and responsive to the needs of the children. By focusing on both teachers & child, North Scott Child Care's program provides an environment in which they can thrive.

### **North Scott Child Care is licensed by the State of Iowa**

Our facility is inspected regularly to ensure that we are providing safe, healthy, and appropriate care for children.

## OVERVIEW OF PROGRAMS

**Preschool Session**—We provide a safe and healthy environment that allows children to explore and discover. We use 'The Creative Curriculum'. It is a research-based curriculum that features exploration and discovery for learning with lots of hands on learning activities.

**All-Day Care**—Provides social and emotional support which are key elements that help children build a strong foundation on which to grow and learn. This program includes the preschool session, lunch, rest/quiet time and additional learning opportunities.

**Before and After School Care**—First and foremost, it is our goal to develop positive and supportive relationships with the children and families we serve. Our program offers a balance between teacher directed and child directed activities and projects. We provide breakfast, snack, homework help, gym or playground opportunities and encourage a sense a community and respect for others.

**Summer Care**—This program offers age appropriate activities including but not limited to the following; gym time, exploring the great outdoors, water play, team sports, arts & crafts, and several field trips each week. We also offer drop-in care and flexible schedules during the summer. This program also allows children to participate in the school district's summer academy.
