

## GOALS AND OBJECTIVES OF THE EDUCATIONAL PROGRAM

This series of the board policy manual is devoted to the goals and objectives for the delivery of the educational program. While each course may not have a specific policy reflecting it, the board's objective in the design and contents and in the delivery of the educational program is providing an equal opportunity for students to pursue a high school diploma free of discrimination on the basis of race, color, sex, sexual orientation, gender identity, marital status, national origin, religion, or disability.

In providing the educational program of the school district, the board shall strive to meet its overall goal of providing the students an opportunity to develop a healthy social, intellectual, emotional, and physical self-concept in a learning environment that provides guidance to and encourages critical thinking in the students for a lifetime.

In striving to meet this overall goal, North Scott graduates will:

- possess a basic core of knowledge
- demonstrate personal responsibility
- communicate effectively
- demonstrate social and civic responsibility
- demonstrate self-directed life-long learning
- use complex thinking to solve problems and make decisions
- work well on a team
- use technology effectively
- think creatively

The Superintendent's Advisory Committee and the Strategic School Improvement Advisory Committee shall make recommendations for the goals and objectives of the educational program. Annually, the superintendent shall report to this committee regarding the board adopted goals and objectives of the educational program.
