

TRANSPORTATION EQUIPMENT

The school district shall purchase transportation vehicles which meet the requirements of the board and the State Department of Education. The lease or purchase of such vehicles shall be in compliance with board policy.

School vehicles shall not be leased, loaned or rented to organizations not a part of the district except in the case of an emergency, as determined by the superintendent.

School district student transportation vehicles shall be inspected by the State Department of Education. School district transportation vehicles, used to transport students, shall be routinely maintained according to a maintenance schedule developed by the superintendent.

It shall be the responsibility of the superintendent to prepare for the inspection of the school district transportation vehicles requiring inspection and to develop a program for routine maintenance of school district vehicles.
